

I'm based in Algeria and plan to set up a UK limited company for my e-commerce business, open a Wise Business account, and verify my Shopify stores and Facebook accounts (for ads and business purposes). Please provide a detailed breakdown of the process, including:

Steps to Form a UK Limited Company:

Exact steps, including choosing a company name, providing a UK registered office address (virtual address is fine), and registering with Companies House.

- conduct a preliminary company name search, checking business name availability.

* in order to build a strong, legally compliant brand, we need to identify any existing UK business with similar name/activity, which helps to avoid trademark conflicts and ensures adherence to state and national regulations.

Confirmation of automatic Corporation Tax registration and UTR issuance.

- When registering company, we will register with HMRC for tax obligations. You will get Unique Taxpayer Reference number (UTR) within 15 working days, once the company is established.

Details on VAT registration

- I can introduce you to my accountant for VAT registration.

Any additional documents or requirements for a non-UK resident.

- A copy of passport
- Proof of residence. no later than 3 months (Algeria)

Costs for Each Step:

- Please see below under 'Cost Breakdown'

VAT Registration, obtaining UTR number

UTR number is included in company registration fee.

Companies House registration fee (£50 online, confirm if included).

- Yes

Virtual address cost (including renewal fees and mail forwarding to Algeria for HMRC letters or bank documents).

- Virtual Office address is included in company registration fee.

Your service fees for company formation and VAT registration.

Any other fees (e.g., same-day registration, document preparation).

Wise Business Account Setup:

Steps to open a Wise Business account using the virtual address.

Confirmation that Wise accepts virtual addresses for non-residents.

- [Yes](#)

Process for delivering the physical Wise debit card to Algeria.

- [By DHL](#)

Your assistance in preparing documents (e.g., Certificate of Incorporation, director details).

- [Customized Articles of Association to be adapted to your business needs.](#)
- [* NOTE: By tailoring your Articles of Association to your specific situation can prevent potential issues in the future and ensure smooth operations on a long run.](#)
- [Shareholder Documents](#)

Constitutional documents of a general model are provided in a digital format.

- [Yes, the original documents can be also send by DHL delivery \(if required\)](#)

Any associated costs

- [DHL costs](#)

Cost Breakdown

[* All costs listed below are included in a flat fee of \\$850](#)

- [Companies House £50 filing fee](#)
- [Drafting customized Articles of Associations](#)
- [Company Register](#)

[*All the statutory compliance that you must keep by law. It includes the register of directors, register of members and more.](#)

- [Share Certificate](#)
- [Incorporation Minutes](#)

[* Minutes of your company's first board meeting, at which the initial resolutions for your company were passed.](#)

- [Certificate of Incorporation](#)

[* A certificate of incorporation is an official document, provided by Companies House, which confirms your company name, number and date of incorporation](#)

- [Company registered office \(prestigious London address\) for first 12 months, included!](#)

[*Any official government post will be scanned and emailed to you free of charge during 12 months,](#)

* From Year 2 – annual fee is £250.00 (company registered address and mail forwarding service).

- legal services (drafting customised by-laws)
- 2h legal consultancy on tax optimisation, IP protection and regulatory compliance for your e-commerce business.

- **Additional costs**

- Account opening fee - £500 (Optional)

* due to your non residential status, the process of opening UK bank account is a bit complex. Many UK traditional banks and fintech are hesitant to open business account for non residents. As I have working relationship with Wise and Revolut, this shouldn't be an issue. I've already opened UK business accounts for my non resident clients from Turkey, Tunisia, Algeria and other countries.

* account opening fee include: business case application, correspondence with the bank, providing required documents, assisting the bank with KYC etc

* Wise will only send debit card to your UK registered business address. Once received, it will be posted to you by DHL delivery (at additional cost).

- Same Day Service – £85 (Optional)

* To guarantee that your company is formed on the same day you must ensure the following:

Your order is placed on a normal working day in the UK, i.e. Monday to Friday.

You will pass our identity verification checks.

- VAT Registration by an Accountant - £100 (Optional)

Shopify Store Verification:

Steps to verify my Shopify stores for e-commerce compliance (e.g., linking to the UK company, adding VAT number if applicable).

- To ensure your Shopify store is e-commerce compliant, you need to address several key areas, including data privacy, payment security, and legal requirements. This involves implementing measures to protect customer data, securing online transactions, and adhering to relevant regulations like GDPR.
- You need to create Privacy Policy, Terms of Service, GDPR Compliance, Cookie Policy (even so this seem to be complex process, don't worry-) I can provide all necessary documents and guide you through the compliance process.

Any specific requirements for Shopify to recognize my UK company.

- Yes
- Your role in ensuring compliance with UK e-commerce laws (e.g., displaying company number, VAT number, and contact details on the website).
- You also need data privacy protection documents that I can provide for you.

Costs for your assistance.

- I need to see your Shopify website in order to provide a quote

Facebook Account Verification:

- I am not dealing with Facebook, sorry.

Steps to verify my Facebook accounts (for ads and business pages) using the UK company details.

Requirements for Meta's business verification (e.g., CRN, business documents).

Any challenges for non-residents and how you'll address them.

- I have worked with many startups and know how overwhelming the process might feel. I would be happy to help you navigate the complexities of setting up e-commerce business and ensure you're legal compliant while guiding you through the entire process. For this reason, my legal fees are higher because I am 'hands on' lawyer. A flat fee I've provided include 2h legal consultancy on any issue you need to address (e.g tax optimisation strategy, IP protection, regulatory compliance for your e-commerce business etc).

Costs for your support.

- As indicated above

Ongoing Obligations:

- Need to understand your business to provide advice.

Details on annual requirements (e.g., Confirmation Statement, CT600, annual accounts).

- I'll introduce you to my accountant. He can take care of annual accounts and confirmation statements for an affordable price.

Your services for filing these and associated costs.

- Will need to ask my accountant!

Total Cost and Timeline:

- Timeline for setting up your Company – between 2-4 working days

A clear breakdown of all costs (one-time and recurring).

- [As indicated above](#)

Estimated timeline for each step (company formation, VAT registration, Wise account, Shopify/Facebook verification).

- [Wise account: 7-10 days](#)
- [Shopify verification and compliance: 2-3 days](#)
- [VAT registration: 1-3 days](#)

My business operates on Shopify, and I need everything set up legally and efficiently to start trading. Please confirm your experience with non-residents and e-commerce businesses, including successful Wise account openings and Shopify/Facebook verifications. If you offer mail forwarding to Algeria for the Wise debit card or HMRC documents, please include details and costs.

- [I mostly work with non- residents, either through my company – \[www.impactioconsulting.com\]\(http://www.impactioconsulting.com\) or through Upwork. Most of my clients in this space are digital nomads or have e-commerce business. You can see under ‘Review’ their experience working with me. If you would like to discuss anything over a zoom call, please let me know.](#)

Thank you, Wail Boumagouda

Hi Jass,

can you break down the cost of 850 usd where it will be spend and why the cost is too high because under my knowledge, the opening of uk ltd won't cost more than 200 pounds.

Please see above a breakdown of my costs.
